Owing to the fact that the aldermanic chamber will be in session tomorrow, the committee will not resume its work until Wednesday, when it is expected that George W. Perkins will resume his revelations.

**ADDITIONAL INVESTIGATION.**

**MORGAN AS A WITNESS.**

[BY THE ASSOCIATED PRESS—P.M.] NEW YORK, Sept. 17.—A forthcoming phase of the legislative insurance inquiry, it was said today, will be investigation of all percentages received by insurance officers in addition to the salaries and fees. It is said that it has been the custom of high officials in several big companies to receive such percentages and commissions.

In regard to the rumor that J. P. Morgan may be called on to testify, the secretary of the committee, said today: "The committee will have to call in Mr. Morgan or any other man to testify, if it believes that his testimony is essential to the inquiry; or if it believes he is the best to furnish the information. Up to date, I see no reason why Mr. Morgan should be called."

Asked as to the report that Cornelius Bliss may be asked to furnish a list of all contributions received by the Republican national campaign last year, Prentiss said: "I believe that any contributions so made will be furnished by the insurance companies, and that there will be no need to call on the treasurers of any party."

The case, he added, is now quiet.

JAP. PATMASTERS ACCUSED.

[BY THE ASSOCIATED PRESS—P.M.]

TOKIO, Sept. 17, 7 p.m.—[By Asiatic Cable.] The information has been made public that three naval paymasters were embossed \$16,000 of govern-

ment funds.

The announcement was made by the public, but the knowl-

edge that the commission of the crime extended over the period of one year caused a feeling of distrust and uneasiness toward the naval administration, and furnish a weapon to the political parties that are opposing the govern-

ment.

MISSIONARIES' FAREWELL.

Three missionaries from Chicago who will carry the gospel to the Orient, were given a farewell reception by the Women's Foreign Missionary Society of the Methodist Church today. The departing missionaries and their destinations are: Miss Jenny Hughes, Nan Cheng, China; Dr. Bi Cu, Gu Cheng, China; and Miss Mary Long, Japan. Dr. Cu is a Chinese missionary, educated in America by the society. He expects to visit the place from which he emigrated, and carry the gospel.

BOONVILLE (Ind.) Sept. 17.—[Ex-clusively Dispatch.] The Spencer county grand jury has reported several indictments against boys for smoking cigarettes. Some of the boys have fled Kentucky to avoid prosecution, while the mothers of others have called at the office of the prosecutor praying for leniency.

LOSSES IN SHIPS.

[BY THE ASSOCIATED PRESS—P.M.]

ST. PETERSBURG, Sept. 17.—The Russian losses in ships at Vladivostok, Port Arthur and the Sea of Japan, according to authorities, totalled this morning, amount to \$12,000,000.

POLISH CHOLERA CASE.

[BY THE ASSOCIATED PRESS—P.M.]

LOMZA (Russian Poland) Sept. 17.—It now has been established that a fatal case of cholera occurred among raftsmen from Bielskostok on the Narow River. All the members of the crew had been infected and other precautionary measures have been taken.

CHRISTIANITY IN JAPAN.

DR. IBUKA UP HOLDS IT.

[BY THE ASSOCIATED PRESS—P.M.]

NEW YORK, Sept. 17.—What effect the war in the Far East will have on the propagation of a Christian religion in Japan, was the subject of a lecture at the West Branch Young Men's Christian Association by Dr. Ibuka, president of an institution of learning in Tokio and himself a Christian. That the war, outside of Tokio, and the attack upon the church was the result of merely a local feeling and did not represent any widespread anti-foreign or anti-Chinese sentiment in the empire, was the assertion of the lecturer. He said:

"When the war with Russia first began, I and my fellow Christians in Tokio, who were outside of Tokio, the struggle should result in a lasting animosity toward the Christian religion in the empire. At first the cry was raised that it was an attempt to subvert Christianity, and the Russians did many things to foster this sentiment, but it was not long until the situation was changed, and the people were brought to see that religion and religious beliefs had no part in the war."

Dr. Ibuka said that the reports which had been published that Admiral Togo had embraced the Christian religion were untrue, and that the admiral had never professed Christianity.

**FOR THE GOOD OF THE JURY.**

**Judge Hart Orders That It be Guarded.**

**Emmons Case is Likely to Induce Scandal.**

**Congressmen to Tour New Mexico and Arizona.**

[BY THE ASSOCIATED PRESS—P.M.]

SACRAMENTO, Sept. 16.—Since Superior Judge J. C. Hart turned the jurors in the Emmons case over to the Sheriff and warned that official that they must not converse with anybody except among themselves, there has been considerable comment with some criticism, and particularly from the families of some of the defined jurors.

In speaking of the matter today, Judge Hart said:

"I may say that I am ordering things so as to make the pleasant confinement of the jurors as pleasant as possible. I have arranged for a ride to Fair Oaks for them, if they care to take it. I desire to impose no hardship on any one of them, nor do I purpose to keep this case, and at the same time allow any man, woman or child to intimate that any one of them has been approached or their action influenced by 'tainted money.'

"There seems to be a wrong impression regarding the confinement of a jury during a trial. It is many times more comfortable than the ordinary rule.

It is done in San Francisco frequently, and it used to be done in Sacramento county. I think it is because it has been so many years that the criticism has been so severe. The wife of one of the jurors informed me that my action was an outrage. As a matter of fact, I did not much blame her, because she did not come in the form of a complaint, but in order to keep the breath of scandal from touching any of them that I ordered them into the care of the Sheriff."

"The case on trial is one in which every movement of the jurors will be closely watched and commented upon. For a juror to stop up the street, and converse, however innocently, with a friend, might, and probably would be construed against the juror. Where the interest is so intense as in this case, the breath of scandal easily might reach

some and bring about shaking up a number of others. The most seriously injured are Henry de Wolf, a solicitor, and James Gallagher, one of the tormentors. Both will recover. Both ears have been cut off, and for a time the greatest confusion prevailed, and it was thought several persons had been killed. All of the injured were taken to their homes. The ears were badly mangled up."

Gov. Folk's Travels.

SAN FRANCISCO, Sept. 17.—Gov.

Folk arrived tonight from

the homeward journey tomorrow night. He declined to discuss any matter of a political nature. A reception will be tendered him tomorrow by citizens, and he will make an address.

Roller Coaster Accident.

SPOKANE (Wash.) Sept. 17.—John Steinebaugh, aged 15, was thrown at a tangle of steel rods, known as a "coaster" at a Natatorium Park this evening, and received injuries from which he died half an hour later. Attendant at the park stated that Steinebaugh, who was riding a coaster, lost his hold on the front seat of a car which was in rapid motion. It is believed he had his feet on what was called the "kick-off" when he was thrown. The car struck an upright of the scaffolding supporting the "coaster." Steinebaugh was hurled through the air and struck on the ground thirty feet below. His skull was fractured.

GARIBOLDI. Veterans Missing.

SACRAMENTO, Sept. 17.—William Keeley, a G.A.R. veteran, recently an inmate of the Veterans' Home at Yountville, has disappeared from Embrey Gap in Placer county and it is feared that he has met with a fatal mishap.

Mendoce Woman Missing.

SAN FRANCISCO, Sept. 17.—The young woman disappearance of Mrs. Jennie Croceau, a recent arrival from Mendoce county, is puzzling the police. Mrs. Croceau has not been seen since June 25, when she left home to attend the wedding of her daughter for a week. At the time of her disappearance, she had \$100 in her possession. The case was reported yesterday at the Mendoce Hospital and the various police stations. Foul play or suicide is feared.

Woman Fatally Burned.

SEATTLE, Sept. 17.—Mrs. E. E. Carr, a young woman, was badly burned at her home this afternoon. It is thought that she was trying to light the fire with coal oil, and the liquid ran down her dress, which ignited and inflicted fatal burns. She leaves two sons and a daughter.

JUROR A. POERTER, who has been sick with cholera morbus, is better, and will be able to be in the jury box tomorrow.

TOUR OF CONGRESSMEN.

[BY THE ASSOCIATED PRESS—P.M.]

PHOENIX (Ariz.) Sept. 17.—A special dispatch to the Republican says that arrangements have been completed for a large number of Congressmen to tour Arizona and New Mexico early in October. The itinerary will include the principal points in both Territories. The object of the trip will be a close investigation of conditions with a view to recommending admission of the Territories as states.

PRIZE GOES TO GEORGE SYLVESTER OF SAN FRANCISCO AFTER AN EXCITING CONTEST—SCORE OF NINETY-SEVEN EQUALS COAST RECORD—LOS ANGELES MEN PRAISED FOR THEIR GOOD WORK.

[BY DIRECT WIRE TO THE TIMES.]

SAN FRANCISCO, Sept. 17.—[Ex-clusively Dispatch.] Interest in the third and last day of the Interstate Trap Shooters' Tournament centered on the opening of the 100-yard handicap trap shoot. The most exciting contests ever held on the Pacific Coast ended in a tie between George Sylvester of this city and R. Bungay of Los Angeles. Both contestants accounted for ninety-seven targets apiece.

At the mouth of Bonanza Creek, the company is operating one dredger costing \$150,000, and will install four more dredgers within two years.

It will take five dredgers ten years to open the gravel bed.

It has been established that the gravel averages 27 feet in depth, with pay streaks running through it. These will be dredged by four dredgers go through the entire deposit.

The gold swept from Bear, Hunter, Bonanza and other creeks was worth about \$100,000.

The shooting of the representatives of the Angel City sportsmen, who were comparatively few in numbers, opened the trap shoot. The contestants from the southern part of the State and especially the record of the two men who missed but three birds out of 100 they shot at, will be brought out until the trial and will change the mind of public who are now in favor of the side of the strange story.

There are friends of the young man who has been killed, and others who have been in her entire innocence to such extent that they are now willing to give up their power to help and old her.

The men will not believe that she is a criminal until they have further proof, and appears to be sane and in her right.

Friends of Miss Casselman have all she can within the last few days to explain her mysterious ways.

Her mother, Mrs. John Drew, will be present to mediate.

AN DIEGO, Sept. 17.—(Exclusive

Dispatch.) The first bull brought

into the bullring at Fair Park

today was Señorita Elvira Sergio-

via on his horns and threw her high

in the air. The second knocked Señorita Maria Sergovia down twice and

trampled upon her. The third, which

appeared to be a steer, was finally

knocked down by the fourth.

The fourth was mated by Man-

uel Bravo and Antonia Barrero.

Señoritas Sergovia and Angelina

received applause as banderillinas.

About sixteen hundred people attend-

ed, one-third being women.

Altogether, the performance of the

banderilleras could not be

called a success, though there was ex-

citement enough for all. Señorita El-

vira made eight attempts to kill the

steer, and failed, as did the others

in getting the young woman over his head.

The bull was long one, and it was

At the conclusion of the service Mr. Letts was surrounded by his admiring friends and co-workers who showered him with expressions of approval and thanks.**The exercises were conducted by the members of the Y.M.C.A.**THE DEDICATION.**Arthur Letts presided, and on the platform with him were Rev. Robert J. Burdette, A. J. Wallace, W. E. McVey, Rev. W. H. Rider, Francis Murphy, A. P. Fleming, B. W. Wilcox, and D. E. Luther.**Rev. W. H. Rider, pastor of Westlake Church, Mr. Rindge's church home, read the scripture lesson and offered prayer.**He was followed by Mr. Letts, who talked interestingly of his friend, especially of his relations with him in the Y.M.C.A., and other Christian work. He declared Mr. Rindge was not fit for holy purposes. He told of one instance when he approached him with a worthy matter of charity. As soon as the case was stated Mr. Rindge took up the ball and never a word said.**"Give them this but do not let it be known where it came from." This, the speaker declared is the spirit and the way in which his friend, wherever possible, gave all his contributions. Mr. Letts then spoke of Mr. Rindge's love for Los Angeles, and in proof of his statement read his poem on Los Angeles previously written and published in The Times. In closing Mr. Letts said: "His influence will long be felt. I here perpetuate his memory by being the first to subscribe to the new Y.M.C.A. building."**A. P. Fleming then read the resolutions which he had been previously published in The Times. In closing his address Mr. Letts said: "We hope for another Rindge, but God will send us some man to take up this work where he dropped it."**W. E. McVey spoke of Mr. Rindge as a business man. He said in this way he said that Mr. Rindge did shine it was as a Christian business man. If we give those words their full value we are making a large statement. Mr. Rindge was a man of Christian bunsiness man that Christ came here to develop."**A. J. Wallace told of the deceased as a man of God. He said Mr. Rindge took pleasure in seeing others advance as well as himself and that he always sought to do right. There was a puzzle question his friends thought they did not know and set around it, but what was right. That having been determined, his course was clear, no matter what the result. "You know you and I have known," said the speaker, "we place Frederick Rindge at the forefront as one of God's noblemen."**B. W. Wilcox, also a member of the Y.M.C.A., said that Mr. Rindge believed that it was better to bleed than to injure and no matter what that principle cost him he stuck to it. He was asked if he was influenced by General Secretary D. E. Luther, who told of the great kindness the former president showed him when he came to this city, a total stranger, and of the place he had made for the Y.M.C.A. work in this city.**BURDETTE.**The address of the day was made by Rev. Robert J. Burdette. The preacher said:**"A man's life consisteth not in the abundance of the things which he possesseth," says the Lord Jesus. And the great Apostle Paul gives a striking illustration of his Master's teaching—*"I know how to abound!"* A great lesson, splendidly learned. In the same breath he maintains: "I know how to abound." And as he spoke his "bona in Christ were manifest in all the palaces and in all other places." His hands were bound, he was moved abroad, the Roman soldier to whose side he was chained, walked with him. His room in which he dwelt was a prison. His food was prison fare. But his soul was freer than the winds that raced across the Mediterranean or**lashed the snow-wraiths in the Alps. To all the world and to all time he makes loud boast of his overflowing abundance—*"I know how to abound!"* I know how to abound!**"Abundance? Out of that squalid environment? Oh, yes. For he had adopted the name of the glory of God, the name of man, the name of time. All that God had given to him he had given out. So—and only thus—he abounded. The word means to rise in rank, to grow, to increase. The Los Angeles River?" inquires the amazed and disappointed tourist—this barren, smellings, unsightly drain of water, so graded. But we who have come to see now that the Los Angeles River is twenty miles wide—a stream of enchantment, of beauty, of flower and vine and fruit, of palms and orange and rose, of fruitfulness and fragrance and disease; fertile and fruitful and glorious. It is one of the most abounding rivers in the world. The soul that cannot perceive the infinite riches which were the possession of the Roman prisoner, looks through eyes that can not see the beauty of the Los Angeles River. The mighty Hudson bears men's wealth and creates wealth and life. California river creates wealth and life where there was desolation and death. Which is the greater task? Which the life and the death? What? That life—and that life only—abounds, which implies itself; which gives itself.**"What is a man's life? Just so much of time. Just so much of life beyond his own generation. Just so much of it as is immortal. For the life that dies, as the beast that perishes, is not the life of God. God liveth in the human body. Life—the true life—is the gift of God. No one can destroy it for man who holds it in trust for God. A man may commit suicide, but he cannot kill his life. If he is living his life, a man says, 'But an assassin murdered Abraham Lincoln.' Yes, but he didn't kill his life. And he behaved like a man who has committed suicide. He didn't kill his life, who was with wicked hands crucified Jesus. Yes, but is Christ dead? Is not Paul alive? Abraham Lincoln is dead now. Is man dead with whom he has life? We say, when we quote from their words—Moses says: Paul says: Jesus says. Not, Jesus said. You do not live in this moment, run to the date of the death of George Washington. Every boy child in America knows his birthday. Good men—God's men—are immortal before their time die."**"It is his life that does not make me life. It is his life that is his wealth, or his poverty. His life is the only legacy that he leaves to the world in which he lived. The world is enriched by his character. Not the man that he makes and spends, but the character he builds, goes into the treasures of the world's life. A millionaire may die, but the world is not poorer for his millions; wealth heaped up around him, leaving the world as poor—poorer indeed, than when he was born into it.**"Well for the memory of a man, for the inheritance of his children, when this is faithful stewardship of God, he makes these two worlds one."**Y.M.C.A. Grabbing a keen-edged**blade she drew it across her**thumb, cutting just deep enough**to produce a small quantity of**gore, and then she painted her**throat a crimson hue with the**blood.**"I'm going to lie down and**die now," said the woman as**she rushed to a closet and**locked herself inside.**Wheeler threw a fit and**yelled "police."* He also*started to turn in a fire alarm,**but neighbors restrained him.**The patrol wagon went out to**the house and found Wheeler**in an agony of fright. The**closed door was kicked down and**Wheeler with blood stains on**her throat, but only a slight**scratch on her thumb, was led**trembling forth.**Xanippus and Socrates did the**lion and lamb act last night.*SECEDERS GO

## Among The Sports—Looloos Lose to Portland—Trap Shoot.

### Looloos Go Down Again.

#### GOODWIN'S WILDNESS LOSES AN EXCITING GAME.

Hits are Few on Either Side, but Portland's are Timely—Flood Makes a Great Grandstand Jumping Catch. McLean Has a Row With Umpire and Leaves the Game.

Portland, 6; Los Angeles, 1. Speaking of troubles, Bunny Goodwin, who sometimes pitches for us, might have imagined himself the whole Baptist Church yesterday and no one would have made a motion to lay him on the table.

A lot of those present suggested that every thing, however, in uncouth tones, but the only reason it wasn't done was that about a thousand fans yelled so loud that Dillon couldn't hear them. Whenever it was suggested that there were other pitchers in the United States better than Morley, more of them, Dillon seemed to be intensely studying some glaring "panis" ad. on the fence over in left field.

This is no hard luck story, but we just can't see why Goodwin was as well as Germany Danner was when they found out that he had borrowed about all the money he needed from the Equitable and gave no security whatever of any kind and had no right of tobacco. During the first three innings he tried to put the ball where a lot of the batsmen couldn't hit it, and when he did get it over the plate he pitched on the bases some other fellow would swipe the next ball where some of the fielders couldn't get it, and so on and pour in—but not for us. That's all.

The fans came near seeing a prize fight as an added attraction and the police didn't have time to get out and stop any one else. Umpire State Davis raised many sore spots on both teams by decisions and had to call the police in the first half hour. First in, in order to save himself from various punches. As a result of the strained relations, he put McLean out of the game, and this one was the last straw. Captain Conrad, a Dutch bush league catcher who is a correct imitation of a poster pigeon hatched day before yesterday. Two batters were out, and then came two Goodwin passes and a sacrifice when McLean tried to knock the center fence down with what would have been a foul if he had not been allowed to scratch it into three. In his greediness he cut second base about seven feet and was called out for not using it; but his own two batters were men on the bases just the same. McLean made the third out and the small row was raised over whether or not the foul rule was violated. The players crowded around Davis, and McLean was very much inclined to be angry. When he found the runs counted at the top of the ninth, he ordered out of the game by that time.

The fielding feature was the left-handed stab of Flood, when he grabbed down a high liner that Crevath also distinguished himself with a long running catch back of first base out of which he made a beautiful double. Tomman, at the top of the ninth, doubling up Ait in the ninthinning. Tomman is not himself yet, and could not run, nor throw, and would be out of the game getting well. Dickie sober was not on the sick list with a sprained ankle.

The hitting was light and neither team had a ball in the air. The game was not a good exhibition, over 4000 fans seemed to get lots of enjoyment out of it, or excitement, at least.

Portland made its first two runs off Ait's pass; perfect bunts by Van Buren and Mitchell; Schiffler's hit-by-pitch and McLean's long fly to center for two runs. Then came two hits by Van Buren and Schafheit; Mitchell's sacrifice and McLean's swat to the center field and the next out on singles by McLean and Schafheit. Another sacrifice and a steal. The final one was due to Ait's pass and errors by Tomman and Davis.

Los Angeles got their first on two singles, an error and an out and the next two on singles, two errors and an out.

## OLD MAN GOES FAR FOR WAGE.

FEARING ARREST AS VAG. GETS MONEY FROM SHERIFF.

Lands of the China Ranch to be Sold by Sheriff from Courthouse Steps—Last Echo of a Ruined Fortune—Murderous Youth Held for a Vicious Blow.

RAN BERNARDINO, Sept. 17.—John Langton, 64 years old, but looking twenty-five years younger, walked into town from Yucaipa, a distance of twenty-four miles, reached here last night, having had a bite to eat since the night before. He was on the warpath for Harry Green, his employer, for whom he had been working on a hay press for two months, night and day, for \$2 a day, and was left in the lurch by Green.

Langton sought the Sheriff, but nothing could be done for him, though the Sheriff endeavored to help him with a loan and secured lodgings for the night. Langton feared until then that he would be arrested for vagrancy. His claim against Green was for \$84.00.

The sheriff sent for the Santa Ana Volunteer Fire Department were treated to a barbecue today at the eucalyptus grove near the West Change track.

The meal was given by "Johnnie" Walls, a veteran member of the department and an active worker for its efficiency. Firemen were put to work to paint the hall of hospitality, and spent the day in socializing.

## ANAHEIM.

TURNERS MAKE MERRY.

ANAHEIM, Sept. 17.—The Turners' picnic today at Crystal Grove was a success, with attendance larger than was anticipated. Hundreds of members of the society came out from Los Angeles on a special train and were entertained by the Turners.

The reception song, "God Save You," was sung by the Anaheim A.T.V., and the reply, "Hier bedeisen Weingesandt," by the Germans and Fideles.

There was a long programme during

the afternoon and evening and it was well rendered. After the evening concert a social hop was given.

Turners from throughout the county were present during the afternoon.

## UGLY QUARREL OVER HIS BODY.

## WIFE AND RELATIVES OF EDW. GILLETTE AT OUTS.

Family in East Refuses to Recognize Widow and Demands Shipment of Corps; Wife Stands Firm—Means Confesses to Sister That He Killed His Brother.

VENTURA, Sept. 17.—There is an unseemly quarrel on here over the dead body of the late Edward Gillette, who was drowned in the surf here last week while trying to recover a lost oil can.

The property is divided between a number of heirs, some holding a number of tracts and carrying water rights, which are to be sold as a whole, while those lots held by individuals are to be sold separately, the total number of sales reaching 100 according to the order of Judge F. E. Foster.

Richard Gird was formerly the heaviest individual interest payer in Southern California, the original monthly expenses for interest averaging \$175 per day for a number of years, and for a time this interest amounted to \$200 a day. Hard times coming on in 1892 made it impossible for Gird to meet his chasers for lots on the ranch, and the sudden drop in values left him ruined.

With hardly a penny he removed from the ranch to Los Angeles.

## MURDEROUS LAND HELD.

Angus Trimble, Whittier graduate, was lodged in the County Jail this morning charged with attempted murder of a Mexican, whom he dealt a vicious blow beneath the chin, aiming to break his neck. The victim dropped senseless, striking his head against the street, the scalp being torn open for several inches. The man's condition is critical.

Trimble is a notorious youth who has several times been under arrest for unprovoked assaults committed. It is alleged, for the purpose of robbery. One of his most fiendish attacks was made on an elderly man and his son, both being residents in Inglewood. The aged man was laid across the railroad track, while the son, whom Trimble supposed had been killed, was thrown from an embankment among a pile of rocks.

## DOLLAR RATE TO BE OFFERED.

## RAILROADS WILL CO-OPERATE IN EXCURSION PLANS.

Encouragement for Proposed Weekly Visits Between Los Angeles and Santa Ana—Orange County Schools Open Today—List of the Schools—ma'ms—Wedding Bella Wild Ring.

SANTA ANA, Sept. 17.—Additional encouragement for the proposed weekly popular excursions from Los Angeles to this city, to be instituted under the auspices of the Santa Ana Realty Board, comes from the attitude of the railroads. At a special meeting last night, C. W. Sheets, president of the organization, reported that in an interview with the traffic managers of the Santa Fe and Southern Pacific in Los Angeles, he had been assured that the railroads would grant a 50 per cent reduction of \$1.00, one-day-over privilege of three days, and would run the excursions as often as desired, provided they prove to be the success that is expected. Both roads will grant the excursion rates to the railroads and will assist in advertising the event.

Progress in raising the money which the board expects to spend in advertising the proposed weekly excursions was reported as nil, and the committee was instructed to continue its efforts until the full amount is in hand. It is planned to commence the advertising as soon as the first excursion, which will be run on the first Wednesday in October, if possible.

"One reason why this locality is not more thoroughly worked is because it is too near Los Angeles. The old saying, 'Things far-fetched are worth holding,' holds true in this case.

The idea of erecting a fountain had origin in the Village Improvement Society. One of the most noted, successful and richest men of this century, in a recent article, has said, "Whatever I am and whatever success I have attained in this world I owe all to my wife. From the day I first knew her she has been an inspiration, and the greatest helpmate of my life."

Thomas Durand, a mining man of Hastings, criticizes the Times for that place and gives some points of interest to the miners and prospectors now rushing to the deserts of Nevada, Arizona or into Mexico. He speaks of the neglected wealth that lies right in Southern California at the very gates of Los Angeles. He says:

"Seven miles east of Los Angeles are the mountains dividing the desert from the ocean, which can be seen for many miles. Fine samples have been found by experts from Pittsburgh. Pa., who pronounced them of superior quality. All along the north slope are gold and silver veins.

"From sea to ten miles north of this range is a chain of hills running parallel with the mountains, with large bodies of gold, iron, copper, marble,

blue and gray granite and limestone. The Red Hill Mining and Smelting Company's mine lie in a little cañon miles from Hastings and Victoria, ten miles from Los Angeles and Victoria.

"This company has uncovered a ledge eighty feet wide, running, it is claimed, to 100 feet per ton. They have erected a two-story mill and a water power plant, all easy of access to the country road and to the Santa Fe and Salt Lake railroads.

"The ground is government land in this valley, though much has been taken. Very substantial improvements are being made by Messrs. Gilmore & Son, of the American Mining and Smelting Company. Mr. Gilmore has just completed a flume 300 feet long, and is having his claim of 220 acres graded.

"Mr. Carroll of Long Beach, a wealthy man, has built a fine residence house with Spanish patio. Wells from 80 to 150 feet provide pure soft water.

"Adjoining Apple Valley on the east are the mines of the American Mining and Smelting Company. The water is clear and cold, and the water and limestone close to the roads, with a climate that is almost perfect in summer and mild in winter.

"I am told that hundreds of men are in the town, preparing to go prospecting this way and on to Nevada, as soon as the weather cools.

"With no axes to grind, allow me a word of caution, do not wander aimlessly around, but employ an experienced mining man to locate you. Money saved."

## VIEW SITE FOR NEW SEMINARY.

## CHAIRMAN AND SECRETARY AT SANTA BARBARA.

Gen. H. G. Otis and C. A. Moody inspect Proffered Location on Plateau Overlooking the Ocean and Farmed Valley—Five Other Proposed Sites to be Viewed.

DIRECT WIRE TO THE TIMES: SANTA BARBARA, Sept. 17.—(Santa Barbara Dispatch) The city of Santa Barbara has sought to make a favorable impression on members of the Orange County Committee of the proposed Southern California Women's College by the location of that institution at this place. Gen. H. G. Otis, chairman, and C. A. Moody, secretary of the committee, made an official trip to this city today in order to look over the site that has been tentatively donated to the college. They were entertained when they were received at the Santa Barbara Chamber of Commerce, being dined at the Potter Hotel and taken on a drive by J. J. Perkins and other prominent residents of the city.

They visited some of the principal points and were driven through the Montecito Valley, going over the proposed college site with thoroughness. The 120-acre site, Santa Barbara poses for the college, comprising fifty acres, located in the eastern part of the city on the summit of a lofty plateau. It is near the beach and commands a magnificent view of the ocean, the paved boulevard, the valley and overhanging mountains.

This important tract, valued at more than \$50,000, has been donated by Frank M. Gaillander, through the Chamber of Commerce, to the college directors on condition that the institution is located upon it.

Gen. Otis and Mr. Moody appeared to be well pleased with the location, and remarked that it was admirably suited for the purpose to which it has been dedicated. They were told that the proposition was yet in the embryo stage and that no definite decision would be given until all the six proposed sites in Southern California had been carefully inspected.
